

## **MEDIA ADVISORY**

November 24, 2009

### **Cybernet Systems to Showcase at I/ITSEC 2009 in Orlando, FL**

*Company presentations include new Rapid Tactile Panel Technology*

**WHO:** Cybernet Systems, a technology-based company headquartered in Ann Arbor, Michigan.

**WHAT:** Cybernet Systems' engineers are hosting a booth at the 2009 Interservice/Industry Training, Simulation & Education (I/ITSEC) Conference in Orlando, FL.

Presented at the booth will be a demonstration of Cybernet Systems' Reconfigurable Tactile Panels Technology, which provides rapidly-generated interactive panels that replicate the look and feel of aircraft instrument panels for training and simulation use that can be deployed in days/weeks instead of months.

**WHEN:** November 30<sup>th</sup> to December 3<sup>rd</sup>, 2009.

**WHERE:** Booth #2589, 2009 Interservice/Industry Training, Simulation & Education Conference, Orange County Convention Center, Orlando, FL.
