

## Cyber Security and Information Assurance Solutions

### Cyber Security Solutions at Competitive Prices

Cybernet Systems delivers solutions to Cyber Security and Information Assurance (IA) challenges, for competitive prices. Our expert staff and proven solutions ensure compliance with ever-changing certification and accreditation processes — on time, every time.

Cybernet provides Systems Security Engineering and DIACAP support for legacy & developmental systems, and our true Centralized Information Assurance Management System (CIAMS) meets requirements for centralized Audit, Patch Management (Windows/Linux/Unix), Backup/Recovery, Antivirus, HBSS and IDS/IPS support.

### Delivering Compliant Solutions at Competitive Prices

Cybernet supplies superior service with practical pricing:

- ▶ Proven, defined processes = reduced developmental cost.
- ▶ Extensive experience = successful results.
- ▶ Developmental experience in advanced security technology solutions = baked-in innovation.

### Supplying a Superior, Certified Staff

Cybernet's certified security and network engineers are expertly trained in certification and accreditation processes for all DoD and federal systems:

- ▶ DoD 8570 Level 2 and 3 Managers and Technicians (IAM/IAT Level 2 and 3).
- ▶ Certified Army IA Security Officers.
- ▶ Navy Certifiers Course Accredited Security Personnel.
- ▶ Experts in Certifying/Accrediting Systems Using DIACAP, NIAP, JAFAN, and DCID.
- ▶ Experts in DIACAP/SSP Package Creation.
- ▶ Backed by 20+ years of Cybernet Software and Hardware Development Expertise.
- ▶ Certified for Security Sensitive Applications.
- ▶ FDA-approved, HIPAA-compliant Medical Application Experience.

### Clients who have selected Cybernet Staff for their IA needs include:

- ▶ U.S. Army
- ▶ U.S. Navy
- ▶ U.S. Air Force
- ▶ U.S. Marine Corps
- ▶ Department of Homeland Security
- ▶ NASA
- ▶ FDA (Medical)
- ▶ OSD
- ▶ Focus Hope
- ▶ Ford Motor Company
